The following information is published for the use of intending candidates—

(1) Candidates must be between the ages of 17½ and 19 on the 1st July 1922, but the upper age limit will be 21 on the 1st July 1923 for candidates who were entering Sandhurst in the Majesty's Forces on or before the 1st January 1922, or in the Senior Division of the Officers' Training Corps on or before the 1st March 1922. Candidates must state their age definitely.

(2) Candidates are required to furnish a declaration which must be signed by their parents or guardian, to the effect that it is their intention to make the Army their permanent profession.

(3) Candidates must be prepared to give a satisfactory explanation of the detailed syllabus of which is printed as an appendix to this notification. The general educational standard required is that prescribed for the Bachelors of the United Colleges, a school leaving certificate recognised by a Local Government, the Matriculation examination of an Incorporated University or any Higher examination.

(4) Candidates will, in addition, undergo a special test consisting of an oral examination conducted on similar lines to the Admissions Test for the Royal Naval College. This examination which is designed to test the intelligence and general knowledge of candidates will be conducted by a Board of officers.

(5) A medical examination, according to the standard laid down in Appendix B of the Regulations for the Army Medical Service, 1920, will also be held in Sandhurst. Candidates should attach to their applications a medical certificate from a registered medical officer to the effect that they come up to the standard required above.

(6) The cost of a first-class railway fare from their homes and back will be granted to candidates attending the medical and qualifying examinations in Sandhurst.

Candidates desirous to join the Royal Military College, Sandhurst, will also receive the cost of any travelling fare from their residence to the port of embarkation, in India, and a travelling passage by sea to England.

Applications for admission should be made to the Private Secretary to His Excellency the Governor of Madras.

Passages by sea for candidates selected for admission to the college will be arranged by the Eschscholtz Commandant, Bombay, under orders from Army Headquarters.

Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters and who will meet the candidates at Bombay. Each candidate will hand over to the officer at Bombay the sum of Rs. 100 to cover the cost of expenses incurred during the voyage to England.

(7) The cost for cadets at the Royal Military College, Sandhurst, are £18 a year, exclusive of incidental expenses and uniforms, etc. The total sum required by a cadet at the college may be estimated as follows:—

THIRD OR FINAL REPORT OF THE PADDY CROP OF 1921-22

(On an average of the five years ending 1921-1922, the area under Paddy in the Madras Presidency has represented some 28.5 per cent of the total area under paddy in British India.)

The area sown with paddy in the Madras Presidency in 1921-22 is estimated at 11,584,000 acres against the last year's estimate of 10,825,000 acres. This latter estimate was based on the actual yield of 2.5 per cent. The present estimate represents an increase of 2.5 per cent above last year's estimate which was 11,584,000 acres. The increase is placed in due to the early and favourable season.

3. Better yields are reported in Kanna and Ootter districts of favourable season and water-supply. The season was late in the Coimbatore district except Coimbatore and the late season was due to the absence of rain in November and December in the Agency, Coimbatore. The current factor for the Presidency was 1.07 per cent of an average crop. On this basis the yield is estimated at 12,417,000 cwt. of cleaned rice as against last year's total estimate of 11,745,000 cwt.

The yield in an average year is estimated at 12,417,000 cwt.

4. Divided by districts are given below.

Madras, 21st February 1923.

THE GOVERNMENT CROP OF 1921-22

CHOICE OF SMALL BERRIES.

On an average of the five years ending 1917-20, the area under groundnut in the Madras Presidency has represented some 11.7 per cent of the total area under cultivation in British India.

The area sown with groundnut in the Madras Presidency in 1921-22 is estimated at 1,425,000 acres as against an area of 1,400,000 acres estimated at the corresponding date last year. The heavily recorded figure for last year's crop was 1,380,000 acres, and an increase of 11 per cent. The decrease in general is due to want of timely sowing and to the fall in price of groundnut in the current season.

5. Yield below normal are reported in most places. The seasonal figures work out at 80 per cent of an average crop for the Presidency as a whole. On this basis a yield of 800 lb. per acre is estimated as against last year's final estimate of 700 lb. per acre and an estimated average yield of 750,000 tons.

6. Figures by districts are given below.
